SUMMARY

Motivated to apply my data analysis skills in a fast-paced environment, with expertise in Excel, SQL, Python, and data visualization. Committed to supporting data-driven decision-making and expanding my knowledge in analytics.

SKILLS

- Excel -- Formulas, Pivot Tables, Dashboards
- SQL -- Advanced Queries
- Python -- NumPy, Pandas, Matplotlib
- R
- Tableau
- Data Visualization

EDUCATION

Analytics and Applied Artificial Intelligence Master of Science (MSAA) | 2024 - 2026

Dakota State University | Madison, South Dakota

Data Analytics Undergraduate Certificate | 2023 - 2023

Dakota State University | Madison, South Dakota

Bachelor of Science, Biology & Chemistry | 2017 - 2022

Black Hills State University | Spearfish, South Dakota

WORK EXPERIENCE

Arctic TreeHouse Hotel - Rovaniemi, Finland

Tourism Guide, November 2022 - April 2023

- Ensured smooth operations by maintaining meticulous attention to detail in scheduling and activity planning for tourism events at a luxury hotel.
- Solved logistical challenges effectively under time constraints, demonstrating adaptability and problem-solving skills.

Corolla Adventure Park - Corolla, North Carolina

Course Guide, May 2022 - August 2022

- Applied strategic thinking and communication skills to guide and train guests in a structured environment, ensuring success in goal-oriented tasks.
- Managed safety procedures and monitored compliance with established guidelines, showcasing a disciplined and attentive approach to operations.

PASSIONS

- Data Visualization - Passionate about continuously improving my skills in simplifying complex data to create impactful visualizations.
 - Women's Sports - Competed for five years on the women's basketball team at Black Hills State University, demonstrating leadership, teamwork, and perseverance.
-
